Aims and Objectives

St. Martin's offers high quality nursing care within a 'home from home' atmosphere. We are a small, family owned and run nursing home offering long term, short term and respite care.

The health and well-being of residents is our prime concern, the aim being to achieve an optimum level of personal health, enabling them to be an active part of the Home and the wider community.

Staff within the Home are appropriately qualified to deliver the highest standards of care. A continuous staff training programme is implemented to ensure that these high standards are maintained.

Location

We are situated in a quiet residential area, close to Wylde Green railway station (5 minute walk) and bus routes into Sutton Coldfield town centre and Birmingham city centres (5 minute walk).

Accommodation

All rooms are attractively decorated and furnished to a high standard. To make residents feel more at home, we encourage them to bring their own possessions e.g. family photographs, ornaments, framed pictures and small items of furniture.

All rooms are fitted with a nurse call system and the home is equipped with a number of hoists, lifting aids and a passenger lift for residents with limited mobility.

Activities

We offer a wide range of activities to help keep residents active and encourage social interaction. Our activities co-ordinator maintains a detailed activities and outings notice board, which is displayed in the main hallway.

Activities with staff include nostalgia sessions, music and singalongs, craft sessions and playing games e.g. bingo, board games.

Arranged outings include visits to National Trust properties, coffee mornings, pantomime trips and lunch at local restaurants.

Visiting entertainers and other professionals also visit the home regularly, including music hall singers, acting groups and an aromotherapist.

Other services

St. Martin's has a fully equipped hairdressing salon with the services of an experienced hair stylist who visits the home every week. Dentists, chiropodists, opticians and other health professionals also provide an 'in-house' service to residents.

The home also has a multi-sensory room and a large rear garden complete with ornamental pond and patio area which is easily accessed from the lounge.

Choice of Meals

All meals are prepared fresh daily in our kitchen. We provide nutritious, home cooked food and cater for all diets and tastes. Residents may choose to dine in their own room or in the company of others in the pleasant dining area. Drinks and snacks are available 24 hours a day. Visitors are also catered for.

Visiting

Resident's family and friends are encouraged to visit regularly and visitors are welcome at all times.

Financial Arrangements and Fees

The fees charged are dependent on:

- ❖ the type of bedroom provided (e.g. en-suite)
- ❖ the nursing needs of the individual resident (level of nursing dependency)

Depending on the personal financial situation, a resident will either be self-funding or receive benefits arranged by social services, in which case a weekly 'top-up' fee is

payable directly to the home. The current rules can be complicated and specific advice is available from the Nurse Manager or Home Manager.

Key features:

- ❖ *Small, family run nursing home providing quality care for 24 residents*
- ❖ *Varied activities and recreation programme*
- ❖ *Large, landscaped rear garden with patio & ornamental pond*
- ❖ *Regular visits by local church ministers & holy communion*
- ❖ *Hairstyling salon and multi-sensory room*
- ❖ *En-suite rooms available*
- ❖ *Situated close to local transport links*

Viewing the home
